**Sub: Acme Smart-V20 Software Quotation**

Dear [Client],

For Today's demanding environment of dynamic business, we are committed to deliver quality products, services and solutions that enrich business and the lives around them. Acme Smart has a disciplined and dedicated team of Software Professionals who provide a solid foundation upon which we build our products & business solutions that are world class and at the same time cost effective.

And in line with this commitment, we present before you our revolutionary Product Acme Smart V-20, which is Nepal's only traditional yet highly advanced Business Software, especially developed for the Nepalese Restaurant Business environment.

Behind the development of this product, our main motto is to transform the inefficient and snail-paced business environment swift into efficient and cost-effective business environment. This software was developed keeping in mind the common and essential requirements of Restaurant. Acme Smart has very good facility to take care of all the Accounting, Finance, and Inventory requirements of this entire segment. This software has special features for Nepali Business accounting environment.

Acme Smart V-20 users enjoy the Power of Single Source Entry, Online Data Updating facility from Branch Office to Head Office, Unlimited & Deepest Levels of Front-End Security, Zoom-In facility to every Entry Level, Revolutionary & Sales & Purchase as well as Inventory Analysis Reports, Data Entry and Reports in Multiple Units Entry Log Register, Audit Trail and Auditors lock & Unlock facilities and many more useful and easier to understand reports & facilities all in a single package.

This software has been developed using the latest technology. The Front End is C# and the Back End is Microsoft SQL SERVER 2014. This ensures complete security, reliability and swiftness of operations. moreover, this software is well prepared for your future requirements as well. Through continuous up gradations this software will grow as your business grows. All the reports have been especially designed keeping in view the traditional business practices along with Vat & Income Tax accounting practices. All the reports have been designed in such a way that they acquire minimum of space along with the maximum of information and they have a fantastic

(Excel) look. All the reports can be exported to Excel. Reports can be sent to desired locations via email directly from the Report Viewer. This software is Windows based and completely user friendly.

At Acme Smart V-20, we believe that our real work starts after selling a software. We are committed to providing all our customers with quality, skilled and personalized local support. We are constantly engaged in the betterment and up gradation of our products and hence, you can rest assured that your accounting package will match pace to pace with the changing times.

We believe that by using this software your accounting related costs will be reduced significantly and your efficiency and control over accounting & inventory will be enhanced considerably which will eventually be reflected through the increase in profits and the growth of your business.
